The North Umpqua River

The North Umpqua is our favorite southern Oregon one-day whitewater raft trip. Flowing through a gorgeous, thickly forested, steep-walled canyon, the Umpqua offers sparkling clear water and numerous enjoyable rapids.

Of all the rivers we run the North Umpqua sports the greatest number of rapids per mile. The Umpqua's rapids are not the largest you can find, but this river wins the "most action in a day of boating" award.

On day one of our two and three day trips we run the exciting 12 miles from Boulder Flat put-in to Gravel Bin take-out, encountering such drops as Boulder Hole, Cardiac Arrest, Weird Weir, African Queen, and Pinball. The second day of our two day trips features a downstream run highlighted by fewer -- but larger -- rapids such as Wright Creek, Steamboat, and Bathtub. (Alternately, groups may opt to repeat the exciting run of day one.) Day three of our three day trips involve a repeat of the run enjoyed on either day one or day two.

The North Umpqua is renowned for its outstanding steelhead fishing. If you would like to try your hand at fly fishing, bring your gear and an Oregon fishing license. Fishing is permitted from shore only.

Weather

	April	May	June	July	Aug.
Average daytime high temp.	62	69	76	83	83
Average nighttime low temp.	37	41	46	48	48
Average monthly rainfall	4.60"	3.00"	1.75"	0.60"	1.00"

Itinerary

We meet at 10:00 AM* on the day your trip begins at the Gravel Bin boat ramp, which is approximately 40 miles east of Roseburg on Highway 138. You'll find the boat ramp about 3/4 mile upstream from Steamboat Creek, roughly midway between highway mileposts 39 and 40.

Logistics vary with group size, water level and time of year (due to government regulations). In some cases we will drop your car off at camp before proceeding to the launch point. In other cases your car will remain at Gravel Bin until the end of the first day of rafting. In either case, we're typically off the water on day one between 3 and 4 PM.**

2 and 3 day trips include a stop for a riverside lunch each day, typically between noon and 1 PM. Trips typically also include opportunities to fish, hike or explore the river canyon.

On the last day of your Umpqua trip we will break camp then drive all cars to the take out point, so that your car will be awaiting you when you get off the river. We're typically off the water on the last day of the trip by around 3 PM.**

* Please plan your drive carefully so as to arrive at our meeting place on time. Our guides will attempt to wait for you if you are running late, but circumstances typically do not allow them to wait more than 20 minutes. If you miss your intended trip we will most likely not be able to provide a transfer to an alternate trip, and we are unable to provide a refund for missed trips.

** Many factors influence our timetable, including water levels, winds, and the needs and preferences of our guests. Please consider these times approximate.

Boat Options

Guided oar raft 

Our 14 to 18 foot-long guided oar rafts are the most stable of river boats. They're ideal for young children and anyone who wants to hang on while the guide rows the rapids. And they're a great boat to choose if relaxation and enjoying the scenery are your primary interests.

Paddle raft 

Paddle rafts are fast and exciting. Each paddle crew consists of 4 to 7 guests plus a guide. Each crew member gets a canoe type paddle and works as a team under the direction of the guide. For those who want to combine excitement with group involvement, a paddle raft is the boat of choice.

Inflatable kayak 

Inflatable kayaks are small, highly maneuverable one-person craft that are sporty yet also surprisingly stable. We bring along 2 to 4 inflatable kayaks to be shared by the group.

A few details about boat options

- ✓ Paddle rafts are the standard boat for Umpqua River trips.
- ✓ Inflatable kayaks are available on a shared basis, and may be reserved for exclusive use by special arrangement only.
- ✓ You are welcome to switch between boat types, but because of the need for training and practice prior to substantial rapids, certain restrictions will apply.
- ✓ Inflatable kayak availability is subject to water level limitations.

Additional Information

Your trip fare includes the following

- ✓ The services of our professional river guides.
- ✓ Shuttle Service
- ✓ All meals, from lunch on the first day through lunch on the last. Our menu is delicious, varied, and hearty. Meals are freshly prepared by our guides from the highest quality ingredients. Special dietary needs can be accommodated with advance notice.
- ✓ Durable, professional quality rafts and river running equipment, including U.S. Coast Guard Approved lifejackets.
- ✓ Waterproof river bags for your personal gear.
- ✓ Cups, plates, eating utensils, and camp chairs.

Accommodations (before and after your trip)

Lodging is available at the Steamboat Inn (www.thesteamboatinn.com, 800-840-8825,) in cabins and deluxe cottages, and at Idleld Lodge (541-496-0088). In addition, numerous pleasant campgrounds are found nearby.

Camping

On the Umpqua we camp in lovely and convenient car-accessible Forest Service campsites. (Your camp and personal gear can stay in your car - it need not be loaded into a boat on the Umpqua.) Our guides establish a central kitchen and social area, and trip members select spots in the surrounding area to pitch a tent.

Gratuities

Our guests sometimes ask whether it is appropriate to tip the guides. Tipping is optional, but if your guides did a great job then feel free to thank them with a gratuity. The amount is up to you, but tips in the range of 8% to 20% of trip cost are typical. Gratuities are customarily presented to the Lead Guide, and will be shared equally among all guides on your trip.

Nearby attractions

While in the area consider adding a hike on the Umpqua River Trail to your itinerary. Or visit a few of the area's numerous waterfalls, including Toketee Falls (highway 138, milepost 59), or Watson Falls (milepost 61) which is the third highest falls in Oregon. Another enjoyable side trip is a visit to Umpqua Hot Springs. For information about these recreational opportunities contact the

Umpqua National Forest at 541-672-6601.

Slightly further afield - but still easily within reach - is world-famous Crater Lake National Park. (It is approximately 50 miles between our meeting place near Steamboat and Crater Lake.) For Crater Lake information contact the Park at 541-594-2211.

Cancellations and Travel Insurance

The size of our trips is strictly regulated by law, and your reservation means we cannot sell the spaces to others. So we strictly adhere to the cancellation and refund policies we explain in our reservation materials. For this reason we recommend that you consider the purchase of travel insurance, which will (amongst other benefits) reimburse you if you must cancel your trip due to illness.

What to Bring

Please come to the river prepared for all possible weather conditions. The weather in the river canyons of the Northwest is often different from that in surrounding areas, so you won't really know how it will be until you get there. At that time, you may decide that some of the items listed here are not needed; but you need to have them along just in case! In addition the river water is cool year-round. So please pay close attention to the following information and checklists, and help to insure your enjoyment of the day by bringing along the proper clothing.

Spring (and cool summer) trips: We recommend that guests on our early-June trips plan to wear a wetsuit while on the river. Wetsuits may be rented directly from O.R.E. or you can bring your own instead. .

Summer trips: Wetsuits are typically not needed. But be sure to bring along a sweater or jacket just in case the weather is cooler than expected.

O.R.E. rents wetsuit/splash jacket sets (\$5 per day) in sizes to accommodate persons from 4'3" and 85 pounds to 6'6" and 250+ pounds. Also included are wetsuit shoes (men's sizes 2 to 14). Our wetsuits are a 1/8" thick, one-piece "Farmer John" style which fully cover the legs and torso but which leave the arms free. The splash jacket helps to protect your arms and torso from the cold water, and may be worn with a sweater or jacket underneath if needed for extra warmth.

Advance reservations are required for wetsuits sets. To place a reservation for a wetsuit please call our office at least 24 hours prior to your trip. (503-563-1500 or 800-827-1358)

Clothing tips: The best clothing is that which retains your body heat while wet, or one that dries quickly. Modern high-tech synthetic fabrics like polypropylene and polyester fleece do both, and are readily available at stores like REI and L.L. Bean. But if you don't want to spend a lot on a rafting wardrobe look for wool clothes, which provide some warmth even when wet. Thrift stores and military surplus stores are good places to find inexpensive wool clothes. During the spring you should avoid

wearing cotton clothing while on the river. When wet, cotton sucks warmth from your body at an amazing rate.

In camp: You will want a change of shoes as well as comfortable clothing for lounging about or hiking.

Rental Equipment

O.R.E. offers camping equipment for rent to those who do not own this gear (or do not wish to transport it from home). High quality, two-person backpacking style tents are available for \$16 - \$24 per trip. Sleep kits (synthetic-fill sleeping bag, cotton liner, self-inflating sleep pad, and ground cloth) are also available for \$16 - \$24 per person per trip. Reservations and advance payment are required. To place a reservation for a tent or sleep kit please call our office at 1-800-827-1358.

Equipment Checklist

For Spring Trips (and cool summer days)

To wear *(clothing should be of synthetic or wool fabric – no cotton)*

- ✓ Swimsuit or shorts
- ✓ T-shirt
- ✓ Sunglasses with a strap
- ✓ Baseball cap or wide brim hat
